[Annex] Introduction of WBCSD

Business Leadership for Sustainable Development

WBCSD (World Business Council for Sustainable Development)

- Founded in 1991 by a request of UNCED as a global CEO-led organization serving as a leading voice of business in support of sustainable development
- Currently, CEOs of more than 200 global companies around the world are actively engaged in the Council
 - Majority of members are in the upper ranks of 'Fortune Global 500 companies' and 'Global 100 Most Sustainable Companies' (annually announced in the Davos Forum)
- Sunny Verghese, President of Olam international, serves as the Chairman of WBCSD

WBCSD Global Network

What WBCSD Does

Business Leadership for Sustainable Development

- WBCSD helps member companies integrate successful sustainability into their core business strategies.
- manage risks, anticipate consumer demand, build positions in growth markets, secure access to needed resources, and strengthen their supply chains, etc.
